Laboratory Report

Certificate No : 2621237427

Date: January 22, 2006

This examination has been scientifically carried out by a Graduate Gemologist using the current procedures of E.G.L. and may be repeated at any time.

WEIGHT: 1.23 Cts.

Shape and Cut: **Round Brilliant**
Measurements: **6.84 - 6.77 x 4.30 mm.**

CLARITY REPRESENTATION

Internal characteristics shown in red. External characteristics and naturals shown in green. Extra facets shown in black. Symbols indicate nature and location of identified characteristics, not their actual size. Hairline feathers in girdle, minor bearding, and minor details of polish and finish not shown.

PROPORTIONS

Total Depth: **63.2 %**
Table Width: **57 %**
Crown Height: **16 %**
Pavilion Depth: **44 %**
Girdle Thickness: **Medium, Faceted**

FINISH

Polish: **Very Good**
Symmetry: **Very Good**
Culet: **None**

CLARITY GRADE: ★ S12

Graining: Nil

COLOR GRADE: ★★ F

Fluorescence: None

E.G.L. European Gemological Laboratory.

B. Delkour

Comments:

- "TOLKOWSKY IDEAL CUT" - The proportions of this diamond are within tolerance of those proposed by Marcel Tolokowsky, as the ideal balance between brilliance and dispersion.

- ★ Clarity grade based on 10 X magnification with corrected loupe.
- ★★ Color based on master color diamonds comparison.

The laboratory does not and may not appraise stones which are submitted for inspection.

ORIGINAL This report is supplied upon request of the customer and is issued for his exclusive use. The report expresses an opinion at the time of examination of the stone. It is not a guarantee, a valuation or an appraisal of any kind.- E.G.L. has made no representation or warranty regarding this report or the diamond described. Since diamond grading is not an exact science this report represents only the best professional opinion of this company. E.G.L. is in no case responsible for differences which could occur by repeated expertise and/or use of other standards, norms, methods or criteria other than those chosen by E.G.L.
